With Wordle, it's similar; millions of users around the globe are given the same puzzle on the same day. Developed by software engineer Josh Wardle, Wordle is a web-based word game played by millions of users worldwide. Unlike other popular free-to-play apps, like Candy Crush or Among Us, you can't just spend hours upon hours playing Wordle. Eventually, the couple shared their fun, private pastime with family and friends. If the correct answer is a combination of five of the 26 letters in the English alphabet, there's a finite — although, yes, very large — number of possibilities. But Why Is Wordle So Popular? So, What Is Wordle? Impressively, Wardle received a price "in the low seven figures" for Wordle, and while the Times claims it will keep the game free — and not shove it behind a paywall — users remain skeptical, even months into the acquisition. While Wordle's status as a free-to-play game is cause for conversation, we're also wondering if the Times made a smart move. So, what was the recipe for Wordle's incredible success? In a world where you can marathon watch anything, Wordle exploits this feeling we all crave — this feeling of novelty. Luckily, the game doesn't encourage you to guess letters at random after your first attempt. While you do have to try and guess the whole word on each turn, there's some strategy. More Puzzles Page 2 weekly crossword May 8, 2022 vulture 10x10 May 5, 2022 The Viking Puzzle10-Across, Three Letters: "Sk8er" (Avril Lavigne bop). Once you submit your first five-letter word, the letters that are placed correctly will turn green. vulture 10x10 May 9, 2022 The American Dream Puzzle30-Across, Five Letters: Hayao Miyazaki's art form. The next day, at work or school, that shared experience allowed for "watercooler talk" — a new topic to discuss, a fresh commonality. So, will Wordle be remembered as a trend that, soon enough, fizzles out — or will the Times' seven-figure deal help cement it as a crossword-level classic? And, finally, letters you've guessed that aren't in the word at all will turn a darker gray. Wordle will still allow you to make guesses that include letters that have already turned gray, which indicates they're not part of the word of the day, but, in some respects, you'd be "wasting" a guess by repeating incorrect letters. vulture 10x10 Apr. vulture 10x10 May 11, 2022 The Improv Puzzle26-Across, Nine Letters: The Witness or Undertale. Photo Courtesy: Mike Kemp/In Pictures/Getty Images Everyone from musician and Oscar-winning filmmaker Questlove and late-night host Jimmy Fallon to actors Jennifer Beals (Book of Boba Fett, The L Word) and J. vulture 10x10 May 4, 2022 The Forbidden Puzzle20-Across, Four Letters: "The Adventures of Sharkboy and ___girl". After becoming available to the general public online in October 2021, Wordle had about 90 daily users by November 1. We're excited to see how it'll pan out, but, for now, we're just hoping that The New York Times keeps Wordle a free-to-play, accessible experience. 26, 2022 The Mouth Puzzle19-Down, Four Letters: "Clear eyes, full hearts, can't lose." your one. Will Shortz, the Times' infamous crossword puzzle editor, notes that, "There's virtually no way to predict fads like [Wordle]. If one of your letters is in the word but not placed correctly, it'll turn yellow. If that's the case, we'll give you a quick rundown of the uber-popular word puzzle. (And, yes, your guesses have to be actual words, so that whole RSTLNE tactic from Wheel of Fortune isn't going to work in a game of Wordle.) The good news is that you have an unlimited amount of time to make each guess, and you can play around with the order of the letters and your selections before submitting each guess. A user plays Wordle on the train. Although it was just released in October 2021, Wordle quickly sparked enough interest to attract big-name buyers. In a play to increase digital subscriptions, The New York Times Company added Wordle to its roster of games, which include its famous crossword puzzle and other titles like Spelling Bee. 19, 2022 The Glitch Puzzle1-Down, Five Letters: January's 'Mad Men' role. But, of course, vowels aren't the only area of focus. Smith-Cameron (Succession) to your co-worker are playing — and talking about — Wordle. Instead, it's a once-a-day thing — and that makes the victory that much sweeter. Screenshot of Wordle. 14, 2022 The Muse Puzzle6-Down, Eight Letters: Hank or John Green, e.g. More Puzzles If you're the first person in your friend group to solve the puzzle, the bragging rights are worth the commitment to the game. Not to mention, much of Wordle's meteoric rise in popularity stemmed from Twitter; according to Siobhan Murphy, Twitter's communications lead, "the conversation on Twitter about Wordle has experienced a daily average growth rate of 26 percent", thanks to users sharing their Wordle scores (via The New York Times). Now Trending: Will The New York Times Help Wordle Become a Classic Puzzle Game? Before Wordle took off, there was Zynga's Words With Friends, a Scrabble-like smartphone game. Photo Courtesy: Mike Kemp/In Pictures/Getty Images The hardest part is taking the plunge and guessing an initial word. Often, choosing a first word that contains as many vowels as possible is a good way to narrow things down. For example, "H", "W" and "Y" are some of the most commonly used consonants in the English language. Photo Courtesy: Jakob Porzycki/NurPhoto/Getty Images Beyond that rush of novelty, Wordle also supplies a sense of community. Letters like "R", "L", "S" and "T" can also go a long way. Some people have come up with more... involved ways of thinking about Wordle. Sure, it may not be as all-the-rage as it was in 2010, but it stuck around in an unexpected way. Been living under a rock for the last few months, you might've missed all of the buzz surrounding Wordle. vulture 10x10 May 24, 2022 The Terminal Puzzle9-Down, Three Letters: "I'm in my top ___." vulture 10x10 May 23, 2022 The Hazza Puzzle33-Across, Five Letters: Hitchcock role in a Hitchcock film, e.g. weekly crossword May 22, 2022 vulture 10x10 May 20, 2022 The Aristocratic Puzzle32-Across, Four Letters: Kandii, Atlanta, or factory, e.g. vulture 10x10 May 19, 2022 The Namesake Puzzle9-Across, Five Letters: Dooku or Dracula, vulture 10x10 May 17, 2022 The Sexual Tension Puzzle65-Down, Seven Letters: Like onions ... or ogres?? weekly crossword Apr. 21, 2022 The Thursday Puzzle28-Across, Eight Letters: Schwarzenegger spy movie. Yes, that makes Wordle spoilers brutal, but it also means celebrating with friends and chatting about Wordle strategy with peers in the breakroom. (More on that in a minute.) As mentioned above, the hit game was developed by a software engineer, Josh Wardle, but it was never a play to nab a seven-figure payout. 25, 2022 The Evil Puzzle24-Across, Ten Letters: Ocean's 8 and Ocean's 11, for two. It's kind of like watching a TV show in the years before streaming; the show would air on a particular night, at a particular time, so you knew you were watching it alongside everyone else in your life. vulture 10x10 May 18, 2022 The Lightning Puzzle18-Across, Three Letters: The 'R' in "The Sopranos" logo is one. If you guess the Wordle of the day within six guesses, you'll win, but, if you fail to do so, that's it — until the following day, when the puzzle refreshes. An added bonus? 24, 2022 vulture 10x10 Apr. vulture 10x10 May 10, 2022 The Memoir Puzzle8-Down, Four Letters: Word for the Finding Nemo seagulls. With 13 million active users over half a decade after its debut, Words With Friends defied the viral game odds. Many folks, including Mitch Graham, the senior VP of alternative programming at CBS, have noted that Wordle is reminiscent of the old game show Lingo. While Lingo has been revived (or failed to be revived) several times, it seems as though Wordle's global success is pushing the network to revamp Lingo again — this time with RuPaul (RuPaul's Drag Race) at the helm as host. Put simply, the Wordle player's objective is to guess the five-letter word of the day in six tries or less. Not every word-centric puzzle game can be a long-term hit, like Spelling Bee, or ubiquitous and enduring, like the crossword puzzle. 22, 2022 The No-Look Puzzle12-Across, Three Letters: Brand shilled by Tom Brady. 17, 2022 vulture 10x10 Apr. If you guess enough correct letters — green or yellow — with that first submission, you'll have a better chance, and an easier time, of getting those more obscure letters in subsequent guesses. First, focus on vowels, which often come in certain common pairings. In early 2022, the game was purchased by The New York Times Company. Now, millions of people worldwide play the game. 28, 2022 The Spy Puzzle3-Down, Four Letters: Much-discussed 2022 Oscars incident. They take off for no apparent reason and then die as people move on to other things." Shortz also noted that it's the "perfect" game for the age of short attention spans. For your first submission, try guesses like "ocean", "radio", "video", or "audio" — all of which are vowel-heavy five-letter words. By the middle of the month, that daily user number had grown to 300,000. One coder built this theory into an algorithm and developed a list of the best initial Wordle guesses. In fact, Wardle — yes, the game's name is a pun on his surname — created the game for his partner. But the guessing process isn't as random as it sounds. 18, 2022 The It's All Good Man Puzzle13-Across, Four Letters: Singer with killer pregnancy fashion, to fans.
